Leschi & Lakewood Marina

TYPE OF WORK — OUR ENGINEERING DISCIPLINES

Civil, Airport, Waterfront, Structural, Transportation and Surveying.

CULTURE — PART OF YOUR LIFE

It's pretty common for people here to feel that coming to the office is like going home – it's part of your day; it's part of your life.

OPPORTUNITY — WHAT INTERESTS YOU?

Our firm is always open to your new ideas and leadership. As an example, Corbin Hammer, a Principal in Structural Engineering and former volunteer firefighter, created a specialty service in fire station engineering design. Since joining Reid Middleton, Corbin has to this date worked on more than 50 fire fighting facilities.

FLEXIBILITY — LIFE HAPPENS

Life is busy and doesn't always wait for 5pm to happen. We offer a flexible schedule to make sure you don't miss those moments in life that are important to you.
